

IRTA is a research institute owned by the Government of Catalonia ascribed to the Ministry of Climate Action, Food and Rural Agenda. IRTA is one of the CERCA centres of excellence of the Catalan Research System. Our purpose is to contribute to the modernization, competitiveness and sustainable development of agriculture, food and aquaculture sectors, the supply of healthy and quality foods for consumers and, generally, improving the welfare and prosperity of the society. We are granted by the EU with the [HRS4R](#) distinction for "HR Excellence in Research" and thus we offer a rich environment for knowledge development and exchange where to develop a scientific career, and possibilities for professional promotion according to the attained achievements. Check our initiatives [here](#).

PhD candidate for the Animal Welfare Program

[ref. CPI24/24]

IRTA is currently seeking an enthusiastic and motivated PhD candidate to join the [Animal Welfare Programme](#). We invite applications from ambitious candidates who have passion for research and are willing to join our team. The research project is pioneering in the field of Cattle Welfare during the slaughter process. Experimental studies will be conducted both under experimental and commercial conditions by collecting behavioural, physiological and brain activity data to assess animal welfare at slaughter. The effects of stunning methods on meat quality will be also evaluated.
